Keen Competition At Swim Meet Wed. Afternoon

Approximately one hundred and fifty adults and children of Bassano gathered at the local swimming pool on Wednesday afternoon of this week for the Competition sponsored by the Pool Committee of the Bassano Board of Trade. The afternoon program proved very entertaining, and keen competition was displayed in all events. Several local business men acted as judges for the competition, which was under the direction of Mr. McAmmond, chairman of the Swimming Pool Committee, and Marcel Massey, caretaker at the pool.

The following were winners of the various events of the program—

OVERHAND STROKE

CLASS A

1. Bob Stiles, 2. Elton Barlow.

CLASS B

1. Bill Riley, 2. Ted Redmond.

CLASS C

1. L. Jordon, 2. A. Griffen.

CLASS D

1. Phil Marquardt, 2. N. Lansedile.

CLASS A—GIRLS

1. Joan Riley, 2. Jean Wilson.

CLASS B

1. Mary Edwards, 2. Peggy McKee.

DOG PADDLE STROKE

CLASS A—BOYS

1. Elton Barlow, 2. Bob Stiles.

CLASS B

1. Ted Redmond, 2. Bob McLean.

CLASS C

1. Lester Jordon, 2. John Fraser.

CLASS D

1. Phil Marquardt, 2. Norman Lansedile.

CLASS A—GIRLS

1. Joan Riley, 2. Madeline Simonin.

CLASS B

1. Peggy McKee, 2. Mary Edwards.

SIDE STROKE

CLASS A—BOYS

1. Bob Stiles, 2. Bob White.

CLASS B

1. Wally Phipps, 2. Bob McLean.

LOW DIVE

CLASS A—BOYS

1. H. Balowicki, 2. B. White.

CLASS B

1. Bill Riley, 2. Ted Redmond.

CLASS C

1. Les Griffen, 2. Lester Jordon.

CLASS D

1. Phil Marquardt, 2. Earnest DeHarney.

CLASS A—GIRLS

1. Joan Riley, 2. Jean Wilson.

CLASS B

1. Frankie McBeth, 2. Madeline Simonin.

SWAN DIVE

CLASS A

1. Bob Balowicki, 2. Bob Stiles.

CLASS B

1. Bob McLean, 2. Wally Phipps.

STRAIGHT DIVE

CLASS C

1. Allan Griffen, 2. Les Jordon.

FORWARD FLIP

CLASS A

1. Bob Stiles, 2. Bill Riley.

RELAY RACE

CLASS A

1. Bob White & Ted Redmond.

2. Elton Barlow & Wally Phipps.

CLASS B

1. Allan Griffen & Mary Edwards.

2. Phil Marquardt & Lester Jordon.

DIVING FOR WEIGHTS

CLASS A

1. Bob Stiles.

CLASS B

1. Bill Riley.

BOYS & GIRLS 8 years and under

SWIMMING RACE

1. Ken Lansedile, 2. Betty Jordon.

LOCAL LAWYER ACCEPTS COMMISSION IN ARMY UNIT

Mr. R. A. Gordon, local Barrister for the past eleven months, left Bassano on Wednesday of this week, to accept the commission of Lieutenant with a Saskatchewan Cavalry unit, now in camp at Dundurn, Sask.

Mr. Gordon, since September last, has conducted the law business formerly carried out by Capt Wm. McLaws, now overseas with the second Division. At the time of Capt McLaws' departure from Bassano in September, Mr. Gordon accepted a partnership in the business which since that time has operated under the name of McLaws and Gordon.

During his stay in Bassano, Mr. Gordon has made a host of friends and acquaintances, all of whom wish him the best of luck and success in his future undertakings.

It is understood that arrangements are being made whereby another member of the Legal Fraternity will carry on the practise in Bassano.

Brooks Meal Mill Destroyed By Fire Tues.

The Alfalfa Feed Mill in Brooks was completely destroyed by fire on Tuesday evening of this week, total loss being estimated in the neighborhood of \$7,000. The fire broke out around 8 p.m. and an alarm brought the Brooks Fire Brigade to the scene a few minutes later. Thought to be under control, and completely out, at 8 p.m., and workmen and firemen left the premises. However, at 9 p.m., the blaze again started, and this time firemen were unable to save the blazing building.

Little insurance was carried on the building, although machinery and equipment within were completely covered. At the time of the fire, five tons of meal ready for shipment were stored in the building, as was a new molasses mixing machine.

The meal mill was operated on a co-operative basis by a number of farmers and businessmen in the E. I. D. The company was organized in 1938, when E. L. Gray was manager of the E. I. D. Mr. Gray has managed the business since the formation of the company.

SCHOOLS BEING PLACED IN GOOD CONDITION FOR COMING TERM

Schools throughout the Bow Valley and E. I. D. School Divisions, are being repaired and placed in first class condition for the coming term, according to information given the Recorder by the Secretary of the two divisions in Bassano. On practically all schools inspection has shown several minor improvements that were necessary. New buildings have been built on several school grounds, and at the school in East Majorville, a new barn was constructed.

BUILDING SCHOOL IN BROOKS

Trustees of the E. I. D. School Division No. 44 authorized construction of a one-roomed frame building on the school grounds in Brooks and work commenced on the structure last week. Mr. Harry Holmes, contractor of Bassano, is in charge of erecting the building. Upon completion, the building will be used as a High School by the E. I. D. Division, it is understood.

District School Boards To Meet In Bassano On Friday, Aug. 16

To Discuss Possibility of Work
Shops and Domestic Science

A meeting, at which representatives of the school Boards of Strathmore, Gleichen, Bassano, Bow Valley School Division No. 43, E. I. D. School Division No. 44, Duchess and Brooks have been invited to attend, will be held in the local School Division Office on Friday of this week, August 16th. The purpose of the meeting is for an open discussion on the formation of Work Shop and Domestic Science classes in schools throughout the district during the coming term.

It is proposed that these classes be formed at the principal schools throughout the district, with teachers travelling from one school to another each week. It is understood that the Provincial Department of Education is anxious to see classes opened in all rural centres, and contributes much towards the establishment of such classes.

A full report on the meeting will appear in the next issue of the Recorder.

SCARCITY OF HARVESTERS. FEARED: CROPS NEARLY READY

Farmers in the district have voiced the opinion that there is liable to be a scarcity of labour this fall, as men to help with the harvest work are not as plentiful as they have been in previous years. It is stated that this is the first year for a considerable time that men have not called upon farmers asking for fall employment.

Crops in the district are progressing very favourably, and are now nearly ready for harvesting. Cutting has already commenced on some farms, but it will be another week or two before this is general in the district. Local merchants dealing in binder twine report that sales so far this year have surpassed last years' sales by a considerable amount, as farmers in the district are preparing for a bumper crop.

In the Hussar District, where hail did a great deal of damage during the month of July, crops are reported to be making a suitable comeback, and fair returns will be realized on some farms. Crops struck severely during the storm will make excellent feed for stock.

On the irrigation district to the east of Bassano, crops are reported to be better than they have been in any year since the district was formed. Flax crops, the largest on record, are doing particularly well, and abundant yields are expected.

GARAGEMEN GUESTS OF MANUFACTURER

Garagemen and mechanics from Tilley to Strathmore were the guests of the manufacturers of Eveready Products in Bassano on Wednesday evening of this week. The meet is an annual "get-together" arranged by the company, at which the men attending are treated to several feature moving pictures, and short addresses on salesmanship, and proper care of automobiles and equipment.

Following the early part of the program, the visitors from outside were all treated by the company, and it is reported that a "ding good time was had by all." The meeting was held in the local I.O.O.F. Hall.

REGULAR MEETING HOSPITAL BOARD HELD SATURDAY

Only routine business occupied the attention of the Hospital Board during the ninety minutes they were in session last Saturday evening. This was the regular monthly meeting postponed from August 3rd on account of the absence of the Secretary. It was expected that the Chairman of the Special Areas Board would be present to discuss hospitalization problems with the Board but he failed to put in an appearance. Accounts totalling \$1494.47 were passed for payment. The Superintendent reported that during the month of July, forty-seven patients had received treatment in the hospital, three of whom died, six babies had been born (3 boys and 3 girls). The Secretary reported that the earnings of the hospital for the month of July amounted to \$1649.18. Cash receipts for the month amounted to \$2410.49 and payments to \$1575.99. The meeting adjourned until the next regular meeting day, Saturday, September 7th.

BOYS BREAK INTO ROSEMARY CHURCH

The Sanctuary Lamp, several Candle Holders, and numerous ornaments and decorations in the Catholic Church, located on the main highway near Rosemary, were damaged by youths who broke into the premises during the latter part of last month. The damage was reported to Const. Allan of the local R. C. M. Police by Rev. Father Morrow of Brooks.

Investigation conducted by Const. Allan revealed that several boys, all under the age of fifteen years, had caused the damage. The Sanctuary Lamp, several candle holders, and numerous ornaments and decorations in the church were all destroyed. Parents of the youths are making restitution for the damage, and no charges are being laid due to the tender age of the boys. All were warned that recurrence of this nature would lead to serious penalties being handed each.

VETERANS MEET FOR FAREWELL TO MEMBER

One of the most energetic members of Brooks Canadian Legion, a man who has done as much as anyone else to keep the organization alive and active, Wm. Summerbell, will be guest of honor at a smoker to be held by the Legion Saturday evening, August 10th. At every meeting for the past five years he has spent the evening making sure everyone had a good time. On this occasion Comrade Summerbell will be on the receiving end of the honors. The party will take the form of a farewell, for Mr. and Mrs. Summerbell plan to leave soon to take up residence in Ottawa.

Mr. Summerbell is the father of J. T. Summerbell, formerly of Bassano, who early in the year accepted a position with the Civil Service in Ottawa. Both Mr. and Mrs. Summerbell are well known in Bassano, and the good wishes of local citizens are extended to the departing couple.

Mr. and Mrs. Blake, Mrs. McLeod, Mrs. J. C. Hoeght, all of Hussar, and Miss Betty Lou Schafer of Tudor were visitors of Mrs. Raymond Hoeght in the local hospital on Wednesday of this week.

ANNOUNCE APPOINTMENT OF TEACHERS IN BOW VALLEY S.D.

Mr. G. E. Smith, Secretary of Bow Valley School Division No. 43, announced this week that all teachers had been appointed by the Board of Trustees of that Division for all Schools. The following list gives the name of the school, the teacher's name, and the address of the school:—

Shamrock—Miss V. M. Summer, Gleichen.
Buffalo—Miss Mary Polley, R. R. 2, Vulcan.
Queenstown—Henri Forgues, Queenstown.
Queenstown—Mrs. V. MCM. Sammons, Queenstown.
Pioneer—Miss I. W. Lindsay, Milo.
Jeanne D'arc—Mr. C. W. Nelson, Cluny.
Craigantler—Miss Lilly Nelson, Standard.
Elwood—Miss Wilma Hillenberg, Strathmore.
Eastway—Miss G. Standly, R.R. 2, Vulcan.
E. Majorville—Miss M. Hadden, Majorville.
Altaview—Mr. A. J. Nowicki, Cluny.
South Valley—Miss Mary Tabor, Standard.
Sunny Range—Mr. J. M. Wallis, Chancellor.
Giffen—Miss Roma Haynes, Queenstown.
Adams Lake—Miss Marion McGillis, Hussar.
Alton—Miss Vivian Cler, Gleichen.
Ploogesteerte—Mr. R. N. Bower, Chancellor.
Lawson—Miss Eleanor Kidd, Wayne.
Makepeace—Miss E. Drummond, Makepeace.
Yule—Miss D. K. Spencer, Standard.
Towers—Mrs. M. E. Beck, Cluny.
Rolly Land—Miss P. Halstead, Cluny.
Rabbit Lake—Miss E. O'Leary, Beynon.
Atlas—Miss Zelda Bamforth, Hussar.
Shouldice—Mr. Wilfred Ryan, Shouldice.
Fairly Vale—Miss M. J. Sanden, Hussar.
Chancellor—Miss Lois Nelson, Chancellor.
Rockvun—Miss K. Harriman, Hussar.
Sue Lake—Miss Joyce Yates, Hussar.
Two Bar—Miss Audrey L. Brown, Wayne.
Shallow Water—Miss Y. Ricard, Hussar.
Cluny—Mr. G. Dann, Miss D. Flanagan, R. L. Melbourne, Miss A. Reill.

REGISTRATION ASSISTANTS TO RECEIVE INSTRUCTIONS FRIDAY NIGHT

The dozen or so volunteer registrars, who will assist Mr. R. H. Struthers and Mr. E. L. Skerritt, deputy registrars for this district, on Registration Days, August 19th, 20th and 21st, will meet in the local Masonic Hall on Friday evening of this week, August 16th, to receive instructions on their work. Mr. Struthers has made a special request that these assistants be on hand at 8:30 p.m. sharp to receive their instructions.

PLACE BAN ON WOOL IMPORTS

The Wartime Prices and Trade board has placed a ban on imports of wool, and tops, except with a permit from the Wool Administrator, David C. Dick. The export of wool has been subject to permit since last fall.

We Want The Names Of Your Visitors

Little Local Items of General Interest But Difficult to Secure Without Co-operation

This is the holiday season when many people of this district are entertaining company or are away on holidays. These little items of social movement are generally interesting to readers but it is very difficult to secure the information unless the Recorder has co-operation from friends and subscribers.

In order to find out who is visiting whom in the town and district, it would be necessary to make a house-to-house canvass, — which would mean a full-time job in itself. It must be obvious to all readers, that we are dependent for these little locals on the people with whom we may happen to come in contact in the course of the week, on the street or in the course of business. Otherwise, people may come on go without our knowledge. Yet there is no news feature which we are so anxious to cover. We like to give a little word picture of the people who come from all parts of the continent to visit here and of our own people circulating elsewhere.

Everyone can help us make this news fuller and more representative by dropping a line or phoning us. Your visitors may get a little amusement or chuckle out of being recorded in the local paper. We want their names. Won't you help us?

A few people take pleasure in criticizing the paper because one name appears and another is left out. Surely they can be fair enough to realize that any omission is unintentional, the result of lack of information. How much kinder it would be if these critics made a little effort to prevent omissions or remedy omissions, by giving us a ring. It would certainly show a friendlier spirit, and make everyone happier.

On the other hand there are a few good friends who are a comfort and a joy. They call us up or drop us a note if they or the neighbors are having visitors. They give us a little idea of how the visitors are enjoying their visit. They are not one bit more anxious for "publicity" than anyone else, but they are friendly. They know we want that news and are unlikely to get it without their tip.

They help us to get out a paper and more interesting paper and we would welcome many more such good friends.

The above article was "pinched" from the Vegreville Observer, who in turn "pinched" it from the High River Times, with just one single word changed. However, what applies in High River and Vegreville, applies equally as well in Bassano.

The Two Roads

There are two methods of carrying on a war—the democratic and the totalitarian. We have chosen deliberately the democratic concept. It leaves something to the individual. He still retains, in large measures, his freedom of action. He seeks the work for which he is

best qualified, he directs his effort towards, the things which he feels he is best fitted to do. The state, it is true, may exercise certain powers of persuasion, economic forces direct his steps, but he is drawn towards the task in which he is engaged by his personal likes or dislikes, his training, his qualifications for the work, and by the reward which he receives for his effort.

In the totalitarian state it is different. Wreath comes from the central authority. Men are placed in industry. They remain there until they are called to some other task. Industry takes care of the men engaged. The pay is limited, the standard of living is low. Rationing in food, fuel, clothing started from the beginning of the war—even earlier than that. The work is directed by the state—the state is everything, the individual is nothing.

There are advantages in both lines of approach. If the conscious effort of the nation is to be devoted at all times to the task of war, to the enslavement of men—if the individual is always to be of relative insignificance and the state alone is the sole factor, then it may be admitted that for a time at least there is greater striking force and power within the totalitarian method. But it carries with it the seeds of destruction. It leaves nothing to the play of the human emotions. It does not measure the desire for freedom which has always been an element in the lives of men, and always will so long as men are free. It assumes that man is a machine, that he is capable of functioning as a machine. The tragedy of Germany is not that the people have become enslaved to a mad ideal but that they no longer care "to cancel their own captivity."

We desire to live in freedom, to live under a democracy. We must mobilize the manpower and woman power of the nation. That is the plan back of national registration, which opens on August 19th. It is an effort to organize on a larger scale for earlier victory than might otherwise be achieved.

THE FINAL EXAMPLE

Over 9,000 Canadian commercial and industrial firms have already set up the system of voluntary salary deductions to enable their employees to purchase War Savings Certificates by easy and regular instalments. The same plan has been extended to include parts of the Civil Service and government pensioners.

More than 1,250,000 employees come within the scope of this plan. A large proportion have already pledged themselves to purchase War Savings Certificates in this way. In many cases the deductions are for small amounts, perhaps fifty cents or a dollar each pay-day, but in the aggregate the investment of these employees in War Savings Certificates reaches an impressive sum every month.

Now, anyone in Canada who operates a bank account may emulate this fine example in practical patriotism. Every chartered bank in Canada has available a special "pledge form" to be used by depositors to instruct their bankers to purchase War Savings Certificates for them on the 15th of each month by means of automatic deductions from their regular accounts.

The applicant simply fills in this

AIR FORCE TRAINING PERIOD SHORTENED TO SPEED EMPIRE PLAN

Several advantageous factors in recent developments have made it possible to adhere to the accelerated schedule in the British Commonwealth Air Training Plan, according to a statement issued by Hon. C. G. Power, Minister of National Defense for Air, after a meeting of the Supervisory Board of the Plan at which representatives of the participating countries were present.

Chief factor in speeding the output of pilots, air gunners and wireless operators is the reduction in the length of training period for pilots has been reduced from eight to seven weeks in the elementary, intermediate and advanced training stages.

The courses for air gunners and wireless operators will be reduced first by two weeks, subsequently by four weeks and will eventually only take 18 weeks. These courses have been reduced from 24 to 18 weeks in the United Kingdom.

The resumption of deliveries to Canada from the United Kingdom of certain types of advanced training aircraft, together with present arrangements for acquiring aircraft in the United States has made it possible to follow the accelerated schedule which calls for the opening of eight service flying training schools this year. The original plan called for five. The new schedule calls for 14 elementary flying training schools instead of the original six this year.

The Joint Training Plan largely Canadian in its beginnings is now assuming greater imperial aspect. Recently the first group of R. A. F. recruits arrived from England, 22 in number, to be trained in Canada. More will arrive at regular intervals and in a short while students airmen from Australia and New Zealand will report regularly for training.

TWO AND ONE-HALF YEARS FOR STEALING OIL

Holly Clayton Sharpe, of the Queenstown District, known as Harry White, was arrested in Calgary early this month, and pleaded guilty in Calgary court for stealing oil from the Imperial Oil Warehouse in Bassano. The robbery took place during July. Besides two cases of oil, several tires were also taken and disposed of.

Sharpe appeared before Magistrate Sinclair in Calgary on July 9th, and received sentence of two and one-half years on thirteen charges of breaking and entering, and theft. He was arrested while attempting to sell the oil in Calgary.

pledge and with it a relative application form for one or more Certificates and hands them in to his banker. In each succeeding month the bank will purchase one or more Certificates as stated in the pledge, without any further instructions or bother to the depositor.

The actual Certificates will be mailed to the depositor at his home address, or any other address he may designate.

Here is an opportunity for everyone to put system into his purchase of War Savings Certificates. Incidentally, it is an admirable and simple way to accumulate over the months a valuable "nest egg" of Canada's finest securities.

Canadians can now take advantage of this pledge system which is so admirably adapted to the needs of the average man and woman, and follow the lead of over one million employees purchasing through the pay-deduction plan.

Wheat Board Regulations For Fall Deliveries Outlined

The Canadian Wheat Board announced today the plans for the regulation of grain deliveries made necessary by elevator congestion and car shortage. The Canadian Wheat Board Act has been revised giving the Board power—

"to regulate deliveries of all kinds of grain by producers to country elevators, loading platforms, mill elevators and terminal elevators and to fix the maximum amount of any kind of grain that a producer may so deliver in any period of time to prescribe penalties to be suffered by any producer who delivers or attempts to deliver any grain otherwise than in accordance with the Board's regulations herein authorized."

The plan adopted is designed to give all producers, as far as possible their equitable share of all the storage space that is available. If regulations are not made and enforced it is clear that in the rush of deliveries, some farmers would deliver all their crops while others would be unable to deliver any. A serious financial situation would

undoubtedly result.

The first delivery quotas permitted by the Board will be 5 bushels of wheat per seeded acre and 5 bushels of barley per bushel acre and 5 bushels of oats per seeded acre. These quotas are not interchangeable, that is from a farm there may be delivered five bushels per acre of wheat, five of oats and of barley but there cannot be substitutions of wheat for oats, or barley for oats, etc. These initial quotas are to be generally applied over the three provinces, but adjustments by districts may be made by the boards from time to time. The Board does not guarantee that there will be immediate space in the country for acceptance of these quotas, but is confident that if farmers will co-operate, they will each get a fair share of their crops into market.

The extreme difficulties of the situation will be apparent when it is pointed out that at July 31, 1940 the carry-over of old wheat in Canada was about 270,000,000 bushels, with a further 20,000,000 or 25,000,000 bushels of Canadian wheat in the United States. The new wheat crop in the West is estimated at well over 400,000,000 bushels and there will be about 22,000,000 bushels more produced in Ontario. Our present elevator storage capacity is 424,000,000, but a deduction from this figure is necessary to provide working space. After allowance for temporary elevator annexes, and some additional storage in the United States, it is calculated that the net available storage capacity for the new crop will be 150,000,000 to 160,000,000 bus.

The first quotas are patterned to fill this space and to enable every producer to deliver a portion of his crop at the outset. As additional storage space becomes available through exports or consumption, the quotas will be extended.

The intention of the Board is to issue individual farm permits through the elevator companies and grain dealers and these are to become valid when the farmer has made a statutory declaration before his Municipal Secretary or a Justice of the Peace. In this declaration, the farmer will legally describe his farm boundaries, state his seeded acreage of wheat, oats and barley and agree with the Board to comply with the Act and the regulations made thereunder. Each delivery made by the producer must be recorded in the permit book. These will be made available in the country as quickly as humanly possible. Deliveries made between the enactment of the amendments (August 6, 1940) and the date of the issuance of the permit to the producer must be recorded in the first lines of the permit and will be applied against the quota. There will be a careful watch for those who exceed the quotas.

Severe penalties have been prescribed for infractions of the Act and regulations. The Board will have its inspectors in the country checking acreage reported and the deliveries. It is the hope of the Board, however, that the farmers of the West will co-operate in the working out of this difficult situation and will follow all the regulations to the letter.

The regulations provide that only one permit book shall be issued for each farm and that all deliveries from such farm shall be entered in the note book. The producer actually carrying on the farming operations shall have the prior right to possession of the permit, although the matter of priority of delivery is one to be decided by the various parties entitled to the proceeds of the farm.

There will be no restrictions placed on the delivery of rye and flaxseed. Farmers are at liberty to market these, wherever and whenever space is available, but the Board urges that farmers deliver no more than their usual quantities of these grains.

Copies of the regulations are available at the offices of the Canadian Wheat Board.

CANADA AS EMPIRE ARSENAL

Many of the industrial plants which have been built are already for British and Canadian account over the last 10 months are already engaged in the production of ammunition ranging from artillery shells and their components, including anti-aircraft shells and a variety of heavy and field gun ammunition, down to rifle bullets. Canada is now producing not merely shells but cartridge case fuses, primers and all components included in a round of ammunition.

FARMERS ADVISED NOT TO HARVEST IMMATURE GRAIN

The following announcement has been issued by Hon. D. B. Mullen, Minister of Agriculture for Alberta.

"If favourable climatic conditions continue, Alberta will harvest one of the largest grain crops in the history of the Province. Due to the limited elevator facilities, storage space will be at a premium.

"In order to utilize to best advantage the limited available space I would urge farmers to allow their grain to properly ripen and have it threshed in a condition fit for storage. In past years it has been possible to place grain carrying a high percentage of moisture, thus avoiding deterioration. With the shortage of elevator storage space now in prospect, both in country and terminal elevators, it will be impossible to obtain the space necessary to process tough or damp grain. I would therefore urge that farmers protect themselves against financial loss, and assist in conserving storage space by delaying their cutting until their crops are thoroughly ripened. Care should be taken that all grain be threshed in such a manner as to free it of all grain seeds which may cause bin burning and result in loss of grade.

"Where grain is threshed damp or tough it should be stored upon the farm until it is in a satisfactory marketing condition. Further, if grain contains a large amount of green weed seeds it should be threshed in such a manner as to avoid the weeds being delivered with the grain. If grain contains such weed seeds it should be re-cleaned to avoid loss when marketed."

ALBERTA INTERSCHOLASTIC TRACK AND FIELD

The annual provincial interscholastic track and field meet for 1940 will be held in Edmonton at the new Clarke stadium, on Saturday September 28th, and should be of interest to many boys and girls of the senior classes who may compete in sprinting, jumping, hurdles, throwing contests of the more than 45 event program now scheduled for that day.

Boys and girls under 20 years of age are divided into various sections and full particulars and entry forms may be obtained on application to the Interscholastic Committee, Post office box 452, Edmonton.

FEDERAL GRAIN LIMITED

ARROWWOOD

Mrs. J. H. McCann arrived home from Eckville where she has been staying with her son William Henry McCann for the last few months.

Miss Geneva Culp, a popular bride elect of this month, was the guest of honour on Friday afternoon when Miss Doris Miller entertained at a miscellaneous shower. There were twenty five guests present.

Twelve girls met at the home of Miss Kathaleen Riches where they discussed the organization of a girls club. The objective in mind was to make money for the Red Cross. The girls decided to call the club "Willing Workers." Miss Kathaleen Riches was elected Sec-

retary and Miss Kathaleen Thompson President. The meetings are to be held every second Saturday at the home of Mrs. Hough.

Mr. H. Miller, principal of Arrowwood School, returned from Edmonton Sunday, accompanied by Mrs. Miller's two brothers.

Canadian Sunday School Mission Holds Summer Bible School at Shoultice

Arrowwood (Special)—Mr. Lee Lee Forsmark of Enchant, a graduate of Prairie Bible Institute at Three Hills, Alberta, as teacher, the summer Bible School opened on Monday morning, August 5th with 10 students, more coming throughout the five days of school. The children showed marked interest

and much was accomplished under the efficient teaching of Mr. Forsmark. School closed with a programme for the parents Friday evening, when diplomas and mottoes were received by the children.

EQUIPMENT PRODUCED EN MASS

Serge uniforms are being manufactured in Canada at the rate of almost 3,000 a day, boots at 7,000 a day, and socks at close to 8,700 pairs daily for the army and the air force.

READY TO INVESTIGATE RISE

Certain increases in retail prices for coal and coke have been inevitable, according to a survey conducted by the Wartime Prices and Trade Board. However, where increases beyond uncontrollable cost occur, the Board welcomes information about such increases and is prepared to make full investigation.

ARMY PANTS REQUIRE BRACES

Before next summer the Canadian forces will need about 300,000 pairs of braces, 300,000 tooth brushes, 360,000 sun helmets and 250,000 table forks.

RECORDER HONOR ROLL

The Recorder would appreciate readers informing us of errors or omissions to this list of names, compiled from names of men who have joined some branch of the Active Service from the entire district.

To each soldier enlisted, a complimentary copy of the Bassano Recorder is being mailed each week free of charge. Before this copy will be mailed, however, a questionnaire must be filled out, either by the soldier, or by one of his relatives or friends. This form may be secured by applying at the Recorder Office. The star beside the name of a soldier in the following list indicates that a copy of the paper is being mailed to him each week. Readers are asked to co-operate, and see that a star appears beside each name by filling out the necessary form.

Local Items

Miss Dorothy Lewis and Mrs. Jack Edwards were Sunday visitors in Redcliff.

Mr. and Mrs. L. Conn and daughter were Calgary visitors on Wednesday of this week.

Le Verne Cole of Carleton Place is visiting for a few days with friends in Bassano.

Mrs. G. LePage and son were Calgary visitors on Wednesday of this week.

James Johnston is spending a short holiday in the mountains at Banff.

Johnny Ross of Tilley was a week end visitor at the home of Mr. and Mrs. B. E. Barlow.

Mr. and Mrs. Jerry Flood and two children, accompanied by Mrs. A. G. Scott were Saturday visitors in Calgary.

Mrs. Heryford of Gem, and Mrs. J. Clark of Crowfoot were visitors at the home of their parents, Mr. and Mrs. S. Lenard of Bassano, on Tuesday of this week.

Bob Currie, who visited for a few days last week with Babe Basarab, returned to Calgary on Friday night of last week.

Sgt. Robert Donaldson, of the South Alberta Regiment, Edmonton, was a week-end visitor with his father, Jas. R. Donaldson, of Bassano.

WHERE TO REGISTER

There has been considerable confusion amongst district citizens as to where they will have to go to register the first three days of next week. To help straighten this confusion out, the Recorder asks readers to pass the word along that registration will take place at the same polls that citizens voted at last spring during the Federal Election. That is to say—if a person voted at the Rosemary poll, he will now register in Rosemary; if he voted in Bassano, he will register there, or if at Makepeace or Hussar, that will be his registration point. During the last election, it was necessary for a number of persons in Gem to vote in Bassano, while the Countess district people voted in Rosemary. These persons will again register at the centres they voted in. Lathem district citizens will come to Bassano.

A point of considerable importance is that of registering early.

Local Items

Mr. Jas. Donaldson, secretary of the Town of Bassano, is enjoying a two weeks holiday. Mr. George Scott is acting as secretary during Mr. Donaldson's absence.

Ronnie Gordon, who has been spending the past three weeks visiting his home in Lloydminster, returned to Bassano last week-end for a few days, before leaving for Dundurn, where he has accepted a commission in the army.

Every citizen should make a resolution to do this, thereby assisting the registrars, and making it easier for himself. If there is some doubt as to what answer to place after one of the registration question, more time can be allowed to those who register early, and a correct report in every detail may be turned in to the Federal Government on the person.

Naturalized citizens are urged to bring their naturalization papers with them to the registration office. If these are not available, a birth certificate will serve satisfactorily, and assist with the question answering. In Bassano, the registration will be conducted in the Masonic Hall, with Mr. R. H. Struthers and Mr. E. L. Skerrett acting as Deputy Registrars.

FIRE PRACTISE LATE IN EVENING DRAWS LARGE CROWD

A surprise fire practise at approximately 9:30 p.m. last evening drew a large crowd of local citizens to the fire hall, where the truck was rushed out for a spin around local streets. Unaware of a practise being conducted, local volunteer firemen lost little time in reaching their posts, and three minutes after the alarm was sounded, the truck, with hose and nozzle-men aboard, was rolling down the street in search of a hydrant. The first hint that the alarm was only a practise was given when the hall doors were thrown open, and genial Fire-Chief Simonin was found sitting in the drivers seat, casually smoking a cigarette, and smiling.

WEDDINGS

McCANN—ROEBUCK

The marriage took place on Tuesday, July 23rd, at 3 p.m. in the United Church, Red Deer, Alberta, of Gertrude Dallan Roebuck of Edmonton, Alberta, to William Henry McCann of Eckville, Alta., formerly of Arrowwood, Alberta, only son of Mr. and Mrs. J. H. McCann of Arrowwood. The ceremony was performed by Rev. Brunton of Edmonton, formerly of Vulcan.

For the occasion, the bride chose a coat of blue-silk crepe with white accessories. Her corsage was of pink rosebuds and fern. The bride and groom were unattended. Following the ceremony they left for the groom's farm at Eckville, where they will reside.

SHOWER IN HONOR OF MISS KATHLEEN BOND

Twelve local ladies attended a shower in honor of Miss Kathleen Bond on Wednesday of this week, held at the home of Mrs. J. Maguire of Bassano. Miss Bond is a bride-elect of next month, and formerly was a nurse on the local Hospital staff.

Numerous games were played throughout the early part of the evening. Miss Bond was presented with a number of beautiful and useful gifts by her friends, who all wished her the best of health and happiness in the future. An enjoyable evening was reported by all the ladies attending.

50,000 ENLIST IN SIX-WEEK PERIOD

During the six grimmest and most tragic weeks of the war more than 50,000 men enlisted in the Canadian Active Service Force. There are now only 5,932 vacancies in the C. A. S. F., 45 per cent of which are for specialists.

REGISTER YOUR GUN With R. C. M. P. Before Sept. 15th

Every owner of rifle or shotgun in Canada who has not registered them by September 15, will be liable to a fine not exceeding \$50, or to imprisonment for a period not exceeding 30 days, or to both, according to an amendment to the defence of Canada regulations published in the Canada Gazette recently.

The registration will be carried out by the Royal Canadian Mounted Police and certificates of registration will be issued to owners, whose possession of such firearms is approved.

NEPHEW BELIEVED LOST

Word has just been received by Mr. H. Beeber of Bassano, that his nephew, Lieut. Edward T. Newell, Royal Naval Reservist, 28 years of age, of Victoria, B. C., was reported missing and feared lost on August 7th. He was operating in the English Channel, where he had been stationed since the outbreak of war.

Last year when the King and Queen paid a visit to Canada, he was the fourth Officer on the Empress of Australia, and acted in the same capacity when the King and Queen returned on the Empress of Canada.

He leaves a wife and two-year-old son, who are now en route from the Old Country to Victoria, B. C.

FIVE SCHOOL BEING MOVED IN BOW VALLEY DIVISION

Mr. Otto Henker of Claresholm, contractor, is in charge of moving five school houses in the Bow Valley School Division No. 43, to new locations. The work is being speeded, so that the schools may open for the fall term in September.

The schools being moved are:—Lawson School House, to site two miles south of former location.

East Coulee School, being moved to Rockvun district.

Granta School, being moved to the Adams Lake district.

Wheatfield School, being moved to Cluny, where it will be remodelled as a boy's dormitory.

Corbie Hill School, being moved into Milo.

REGISTRATION STARTS ON MONDAY August 19th

Commencing Monday, August 19th, Canada calls on her citizens, 16 years of age and over, regardless of nationality, to register. Because of the magnitude of this task the Government asks those who must register to study the questionnaire carefully.

Every question must be answered truthfully and without evasion. It is imperative that every one 16 years of age and over register. You will make the whole task easier for yourself and the Government by registering early. Registration will last for three days only.

REGISTRATION DATES August 19th, 20th, 21st

EVERYONE CAN HELP—To keep the cost of this registration at a minimum the Government is asking the co-operation of all public-minded citizens in the work of registration. You can help by getting in touch with your local registration officials and offering your services.

WHERE TO REGISTER

Registration offices are being set up by electoral districts in the same manner as in the last Dominion election.

Registrants are required to register in the regular polling subdivisions of their own constituencies. But should a registrant be in some other province or district out of the regular polling subdivision on Registration Days, he or she may register at any registration office convenient, upon satisfactory explanation to the local deputy registrar.

Penalty for Non-Registration—Failure to register will make any male or female, married or single, over the age of 16 years, liable to a fine not exceeding Two hundred dollars, or to imprisonment for a term not exceeding Three months, or to both such fine and imprisonment, and moreover to a further penalty not exceeding Ten dollars for each day, after the day upon which he should have registered, during which he shall continue to be unregistered.

Your Registration Certificate

To every person answering the questionnaire fully and satisfactorily a certificate of registration will be issued by the local deputy registrar. This is a small card which must be carried on the person at all times.

INFORMATION MADE AVAILABLE

Any information obtained under the provisions of the Income War Tax Act is available to the Custodian of Enemy Property, the Foreign Exchange Control Board and the Royal Canadian Mounted Police if it is of assistance in the exercise of their respective functions in relation to the conduct of the war.

NATIONAL CENSUS NEXT YEAR

Taking of the national census will start June 2, 1941, Trade Minister MacKinnon announced in a press statement recently. It will be the eighth decennial tabulation of Canadians and will probably take several weeks to complete.

Special attention will be paid to obtaining statistics on basic industries of the country.

Draft forms designed to obtain the fullest and most accurate information on agriculture went out last week to leading authorities for their approval.

Information will be sought covering the whole field of the industry. Abandoned or idle farms will be canvassed as well as agricultural production on plots which do not come within the definition of "farm."

A separate schedule will be used for each farm listing products, whether fruit and vegetables are produced for sale, and general details concerning operations.
